## SAY WICKERSHAM CALLED OFF PROBE

Rockefeller and Morgan Alleged to Have Been Granted Request to Drop Proceedings

## IS RUMOR IN RAILWAY INQUIRY

Federal Grand Jury Investigation of Eastern Roads Suddenly Halted

NEW YORK, Nov. 21.—The sudden halting of the federal grand jury investigation to determine whether the 25-year agreement between the Grand Trunk railway and New Haven systems was a combination in restraint of trade and designed to stifle competition, remained without explanation here today. District Attorney Wise, taking refuge behind his "oath of office," positively refused to discuss it and referred all inquirers directly to Attorney General Wickersham in Washington.

## At Request of Magnates?

Department officials denied today the report that J. P. Morgan, William Rockefeller and other noted financiers, who would have been compelled to testify, directly appealed to Attorney General Wickersham by long distance telephone to "call off" the investigation. The explanation made by Wickersham that he had been offered free access to all of the records in the case was construed as confirming the report.

To enjoin consummation of the proposed traffic agreement between the New Haven and the Grand Trunk railroads, in Massachusetts, was the new plan tentatively formulated today by the department of justice to thwart the railroad monopoly in New England.

A special agent of the department was sent today to New York to inspect the papers and letter files of the two railroads, including correspondence between President Melton of the New Haven road and President Chamberlain of the Grand Trunk.

If evidence secured by the special investigator warrants the proceeding, it was understood here that the injunction suit will be filed in either at New York or at Boston to prevent execution of the traffic agreement. This agreement has been presented by the New Haven road, but has not been accepted by the Grand Trunk.

The reason why the grand jury probe in New York, started by District Attorney Wise, and at which it was reported J. P. Morgan would be asked to testify, was temporarily suspended, was explained today by Jesse C. Adkins, special assistant to the attorney general in charge of the investigation. "If we had all of the principals testify before the grand jury we would get all of the facts, no doubt, but those who testify would then be immune from prosecution," he said.

WASHINGTON, Nov. 21.—John D. Archbold and other Standard Oil heads are not yet safe from arrest under criminal indictments for alleged conspiracy in restraint of trade in Texas, it was authoritatively stated today at the department of justice. It was pointed out that Attorney General Wickersham's order suspending service of the Texas warrants was merely temporary standing until further investigation of the Texas charges could be made.

Assistant Attorney General Fowler stated today that United States District Attorney Attwell of Texas has been summoned here from Dallas to explain the Texas indictments. If his explanation warrants arrests of the oil trust heads, the warrants will be served immediately in New York.

## WEATHER

For La Crosse and vicinity: Fair tonight and Friday; not much change in temperature.

For Wisconsin: Fair tonight and Friday; cooler east portion tonight. For Minnesota and Iowa: Fair tonight and Friday with moderate temperature.

## Weather Conditions

The weather continues fair in all sections except in Florida, where it is raining this morning. It is generally clear in the Atlantic states with slightly higher temperature; clear and cooler in the central valleys; cooler in the plateau region and central Rocky mountain districts, and fair and warmer from Montana to the Pacific coast with temperatures ranging from 32 to 50 degrees.

An area of low pressure extends from British Columbia into the lake region while high pressure areas are central over the south Atlantic states and plateau region. Another depression is central near the west gulf coast.

The normal easterly drift of these pressure conditions will cause fair weather in this section tonight and Friday with moderate temperature.

## SCHRANK NOT YET ADJUDGED INSANE

Judge Announces that the Alienists Have Not Decided Upon His Soundness

## FORMER REPORT DECLARED UNTRUE

All of Experts Engaged Deny They Have Made Public Any Statement

MILWAUKEE, Wis., Nov. 21.—The examination of John Schrank as to his sanity is not yet finished and Wednesday morning the confessed would-be assassin went through a three hour ordeal at the hands of the examiners, who said "that they did not know when they would be ready to make their decision."

"The report sent out through the offices of a certain newspaper here is entirely without truth and unofficial," said Judge August C. Backus, Wednesday morning. "There is not one iota of truth in the report. There could not be because of the fact that at the time the report was sent out Schrank was being examined, and even today he is in my chambers being questioned."

"If the alienists gave out the report, and I think they did not, they have made fools of themselves by giving an opinion of what their verdict would be before they knew it themselves."

The unofficial announcement that Schrank had been found insane by the physicians was made several days ago.

Schrank in his cell at the county jail heard today the report that he would be found insane by the alienists. He was highly indignant, according to his jailers.

Schrank will be represented in court tomorrow by James G. Flinders, an attorney appointed by the court.

The formal report of the board of alienists that examined Schrank regarding his mental condition, will be made to Judge Backus of municipal court tomorrow.

The alienists are expected to incorporate in their report the fact that Schrank is a victim of chronic mental disorder or paranoia and the court is expected to rule for his immediate commitment to the Northern Hospital for the Insane, near Oshkosh, Wis.

## PLAYS POLICE DRAGNET

COURT HOUSE, SALEM, Mass., Nov. 21.—Bitterly decrying the "dragnet process of the commonwealth," which brings in only witnesses who can discredit defendants and which "sidetrack witnesses whom it finds have knowledge tending to show innocence," Attorney W. Scott Peters today made his final argument in behalf of Arturo Giovannitti—the last move by the defense to save Ettore Giovannitti and Caruso from death in the chair.

## GIBSON PROSECUTION RESTS

GOSHEN, N. Y., Nov. 21.—The prosecution in the murder trial of Attorney Burton W. Gibson, accused of the murder of Mrs. Rosa Szabo, rested today. Motions for the defense to dismiss the indictment and to direct the jury to acquit were promptly denied by Justice Tompkins. The court also denied a motion to strike from the record all mention of the money Mrs. Szabo had in various banks.

## PLAN BANK FOR POOR

ST. LOUIS, Nov. 21.—Plans for the establishment of a "poor man's" bank for the accommodation of borrowers of small means to whom the doors of the average bank are now closed, will be discussed tonight at a banquet at the Mercantile club, to which 25 of the wealthiest men in the city have been invited.

## HENRY THRUN IS KILLED BY WIRE

Former Head Miller of Listman Mills Is Electrocutated in Snyder, Nebraska

Relatives in La Crosse last night received a telegram stating that Henry Thrun, formerly of this city, was electrocuted by coming in contact with a wire at Snyder, Neb., yesterday. The message did not say whether Mr. Thrun met his death while he was at work in the mill in which he was employed or not.

Mr. Thrun lived here for many years at 1211 South Sixth street. For a long time he was the head miller at the Listman Milling company in this city. A little over a year ago he moved to Snyder, Neb., where he was employed in the Snyder flour mill and he has been there since that time. He was 37 years old and he is survived by his wife and three children.

The body will be sent from Snyder on Friday and the funeral is to be held here.

## NINE BODIES ARE DISINTERRED TODAY

Undertakers Busy Moving Dead from Graves in Oak Grove Cemetery to Mausoleum

## ONE BURIED FORTY-FIVE YEARS

Many Coffins Fallen Apart from Long Contact with Earth; Steel Rough-box Unsealed

Nine bodies were disinterred at Oak Grove cemetery this morning and placed in compartments in the new mausoleum which has been under construction during the summer. The work of disinterment will be continued until the ground freezes, a large number of persons having purchased compartments who have relatives buried in the cemetery.

Among the bodies disinterred and placed in the mausoleum this morning were some which were buried as long as forty-five years ago. In several instances it was found that the coffins had partially decayed and fallen apart, and all that remained of the body was a skeleton. In other instances the coffins remained intact and in these cases they were placed in the mausoleum compartments without being opened.

Several workmen were required to open a steel rough-box in which one of the disinterred bodies was sealed. When the steel casing was finally opened it was found that the coffin had fallen apart, although it had been in use but seven years. A new coffin was substituted and the body placed in one of the private compartment vaults of the mausoleum.

The mausoleum contains 590 compartments and fifty additional compartments in the receiving vault. The building, which is built entirely of marble and concrete, is a structure of exceptional artistic beauty. Several private vaults, each containing ten compartments, have been constructed.

The compartments which are built in the walls of the corridors, are eight feet long, three feet wide and two feet high. The coffins are placed in the compartments, which are then hermetically sealed and a marble slab placed over the concrete which fills the opening. Each slab bears the name of the person occupying the compartment.

At the end of the main corridor a large chapel has been provided, where funeral services may be held. In the rear of this is the receiving vault, where bodies may be deposited during winter months and held for burial in the cemetery in the spring.

## FINED FOR HOT TALK

Adolph Weuff charged with using abusive language to Miss Ida Kimmel, paid a fine of \$7.50 in police court this morning.

## ESCH DELEGATE TO WATERWAYS MEET

Local Congressman Named as Representative of River Improvement Association

Congressman John J. Esch was appointed a delegate today to the National Rivers and Harbors congress which meets in Washington on December 4, 5 and 6 by Thomas Wilkinson of Burlington, Iowa, president of the Upper Mississippi River Improvement association of which the city of La Crosse is a member. It is probable that at least one more La Crosse man will be named to represent this city at the big meeting.

Matters of great importance to cities on the Mississippi river will be discussed at the congress and it is probable that a subject which will occupy the attention of the delegates to a large extent will be the Lakes to Gulf project which is already being considered by the engineering department of the United States. The feasibility and benefits of a twenty-foot canal route from Duluth via the St. Croix river to the gulf are now being agitated by members of the Upper Mississippi Improvement association and will likely come up in the convention in Washington. Although the rivers and harbors congress never endorses any particular project, it will go on record in favor of a principle of improvement and the Lakes to Gulf plan will probably be boosted in this way.

Congressman Esch will go to Washington to attend the opening of congress Dec. 2, and will also attend the Harbors and River congress two days later.

## AUSTRIAN EMPEROR ILL

VIENNA, Nov. 21.—Alarming reports concerning the Austrian emperor's health were current here today. His majesty is so old and feeble that the gravest anxiety is felt on his slightest indisposition.

## ANNUAL SUFFRAGE CONVENTION MEETS

Women Voters and Would-be Voters in Forty-fourth Annual Meeting in Philadelphia

## IS CELEBRATION OF THANKSGIVING

Mrs. R. M. La Follette and Other Leaders Present to Jubilate Over Recent Victories

PHILADELPHIA, Nov. 21.—From the north, east, south and west suffragists, both men and women flocked here today to attend the forty-fourth annual convention of the National American Woman Suffrage association.

Shortly before noon twenty automobiles elaborately decorated with "Votes for Women" banners gathered in historic Independence square. Five platforms had been erected and the convention was opened with a simultaneous outburst of oratory. The reading of the declaration of rights by Mrs. Otis Skinner featured the demonstration.

From the four recently enfranchised states speakers were selected to tell their fellow delegates "how to do it." Equally interesting facts were given by Ohio and Wisconsin advocates whose spirits were not even dampened by their recent defeat.

## Mrs. La Follette There

Among those most prominent in the great gathering are: Miss Jane Addams of Hull House, Chicago; Miss Florence Allen of Utah; Mrs. Robert M. La Follette of Wisconsin; Miss Caroline Bartlett Crane of Kalamazoo, Mich., and Mrs. Camilla Von Klenow of Rhode Island.

The convention is the greatest gathering of advocates of votes for women ever held in this country. It is not the first national convention the suffragists have held, it is the forty-fourth. But, it is far the greatest, both in point of attendance and importance.

## Planned Far Ahead

Plans for the convention, which is being held under the auspices of the Pennsylvania Woman's Suffrage association, were formulated far in advance of the actual meeting. Every detail of the five days' conference had been thoroughly thrashed out, every contingency provided for, so that when the convention was called to order today the program proceeded without a hitch.

Practically every state in the union was represented. More than 400 delegates answered the roll call when Anna Howard Shaw, president of the national organization, called for order in the Witherspoon building, Juniper and Walnut streets.

The hospitality committee, of which Mrs. George A. Peirson is chairman, made all arrangements for the entertainment of the delegates during their stay in Philadelphia. It has departed from the traditional method of caring for out of town delegates, who are usually crowded into the local hotels. This year the delegates are being entertained in the homes of local suffragists. Members of the Pennsylvania association volunteered to throw open their homes to fellow delegates and co-workers from other states.

Official headquarters have been established at the Hotel Walton. M. Carey Thomas, president of the Bryn Mawr college, and also president of the National Woman Suffrage league, has engaged a suite of rooms at the hotel as a "rest room" for the busy politicians. It is said that men will be tea-totally barred.

## Campaign Climax

The convention marks the climax to the campaign which suffragists have been carrying on in all parts of the country during the past year. Even Ohio, where the suffrage amendment was rejected, will join in the Thanksgiving exercises. The Ohio delegates say they were "only set back, not defeated."

The primary purpose of the convention is to arouse interest in the national woman suffrage movement, which has gained such momentum during the past year and played so prominent a part in this year's campaign. The results accomplished during the past year will be reviewed during the week, current conditions studied, and plans for pushing the crusade during the coming year will be mapped out.

## ASK POLICE TO FIND DEAD MAN'S FAMILY

The La Crosse police department today received a telegram asking them to find the relatives of John Frenette, who dropped dead in Chicago yesterday. The telegram was signed by L. C. Ball, 736 Wabash avenue, Chicago, an undertaker. A search of the directories today failed to reveal any persons by the name of Frenette. Beyond stating that the dead man has relatives in this city, no details of his death were given in the telegram.

## JAP WARSHIP LAUNCHED

YOKOSUKA, Japan, Nov. 21.—The battleship Hiei, Japan's biggest fighting craft, was launched here today. It is of 27,000 tons displacement.

## KELCEY-BREWER COMPANY OPTION

Winona Factor Verifies the Story that This Concern Is Gas & Electric Buyer

## HATFIELD MAY NOT GET IT

May Use Chippewa Current to Supply La Crosse Light and Power Patrons

WINONA, Minn., Nov. 21.—In an interview with the Republican and Herald W. B. Parsons, formerly owner of the Winona gas property, and now president of the Western Elevator company, verified the rumor that it is the Kelcey-Brewer company which has an option upon the properties of the La Crosse Gas and Electric company, at La Crosse. According to Mr. Parsons the option terminates December 1, and with \$55,000 already paid is certain to be consummated.

## Street Car Deal Separate

Mr. Parsons also verified the statement that there is no connection between the deal by which the La Crosse Water Power company has secured an option upon the La Crosse City Railway company, and the similar deal by which Kelcey-Brewer company acquires the La Crosse lighting and power properties. The coincidence that the Water Power company owns the common stock of the Winona Railway and Light company, while Kelcey-Brewer company owns the preferred stock in the same plants, had given rise to the idea that the two deals were related.

## Chippewa Power Used

According to Mr. Parsons the Kelcey-Brewer company has been operating plants with the current of the Chippewa water power plant, which is conveyed to the Kelcey-Brewer plants at Red Wing, Lake City and Wabasha over the wires of the Minnesota-Wisconsin Power company, a strictly distributing concern. The Kelcey-Brewer company aims to add the La Crosse properties to this string, and will buy water power current from either the Chippewa or the Hatfield plant provided the rate is better than the cost of steam production.

The Kelcey-Brewer company's ownership of the preferred stock in the Winona lighting and traction properties gives them no influence upon its management. The La Crosse water power owners controlling through the common stock. Therefore Hatfield current will continue to be used there.

The outlook is for something of a contest over the local field, with the prospect that eventually the economy of a single ownership will result in the operation of all the La Crosse utilities by one management drawing on a single source of cheap power.

## ANDERSON IS GIVEN ABSOLUTE DIVORCE

Case from which Grew Libel Suit Against Husband by Crawford Co. Attorney Decided

The case of Alec C. Anderson against his wife, Dora Anderson, out of which grew a libel suit brought by District Attorney Munson of Crawford county against Alec Anderson, was decided in favor of Alec Anderson by Judge Clemenson in circuit court of Prairie du Chien yesterday. Attorney A. C. Wolfe of La Crosse, was counsel for the plaintiff and defended Anderson against Munson when the case comes up in the January term of circuit court in La Crosse.

By the decision rendered yesterday Anderson was granted an absolute divorce from his wife. The plaintiff named as correspondents, Charles Mitchell, a merchant of Gays Mills, who escaped to Canada about four months ago, David Mulligan, a saloonkeeper of Bell Center, and Chas. Ward of Worthington, Minn., the woman's brother-in-law. It was alleged that the woman came to La Crosse with Mitchell and registered at a hotel here as his wife.

The preliminary hearing of the case was held before Judge John Brindley in this city.

Shortly after the case was begun, Anderson accused District Attorney Munson, whom he said he employed as attorney, of assisting Mitchell, one of the defendants to dispose of his business and escape to Canada. He further alleged that Munson had used his influence against him after accepting money as a retainer from him. Munson then sued him for libel. The case has aroused more than ordinary interest in Crawford county. The trial will be held here in January.

The court room was packed during the divorce case in Prairie du Chien yesterday, it being by far the most interesting case on the calendar. Attorney Wolfe called witnesses from three states and was awarded an immediate verdict.

## CITY BUDGET HIT BY COUNTY BOARD

Large Road Appropriations Raises City's Expense Account More Than \$10,000

## MEANS RETRENCHMENT POLICY

Several Department Appropriations May Be Reduced; General Fund Drops to \$16,000

The disbursements item of the city budget will have to be increased \$10,000 because of the heavy road appropriations of the county, according to City Comptroller William J. Fries. This will result in the reduction of the general fund of the city from \$26,000 to \$16,000 and will mean the inauguration of a retrenchment policy in the park department and may result in further economy in other departments of the city government.

The county budget which was adopted yesterday by the county board shows a high efficiency of economy in state departments, the state tax for La Crosse county having been reduced \$19,712.74 in comparison with that of last year. This means a reduction of about \$12,000 in state tax for the city of La Crosse.

City Controller Fries in drawing up his budget, placed the reduction of the state tax at \$12,000 for the city and made allowance for an increase of \$6,000 in county expense. The heavy road appropriations of the county, however, is responsible for an increase of \$21,611.16 over the county expense of last year.

As formerly figured by Mr. Fries, there would be \$26,000 left in the general fund after the city appropriations were made and it was planned to use a large share of this for park purposes. The increase in county expenses, however, will make this impossible.

The city tax rate was held at twenty-one mills this year through the conversion of \$30,000, interest on sinking funds, into the general fund. The elimination of \$9,000 treasurers' fees for the collection of tax, as accomplished by the last legislature, reduces the true rate of taxation one-half mill over that of last year.

A meeting of the finance committee of the city council was called for this afternoon to apportion the appropriations among the various departments.

## KILLS FAMILY AND SELF

WORCESTER, Mass., Nov. 21.—While his wife, Bessie and four year old son were asleep, John Wood, a clerk in a grocery store, killed them with chloroform and then saturated a towel, wrapped about his own face, with the same liquid, and then gave directions regarding the triple funeral. He was dead when neighbors entered the house.

## ADMIT KILLING DETECTIVE

DENVER, Nov. 21.—One of the most cold blooded murders in Colorado's history was confessed here today, when William P. Code and Frank L. Smith admitted that they had slain Jesse Stingley, a private detective, when he caught them robbing cars on the Moffat road, October 24.

## BAIL PLAYER A SUICIDE

PORTLAND, Ore., Nov. 21.—Jimmy Frick, utility outfielder of the Oakland Pacific Coast league is dead here today, a suicide. He swallowed carbolic acid while his wife was out on their apartment buying tickets for the couple to go to Oklahoma. Frick had been acting strangely lately.

## A. F. L. SOCIALISTS ATTACK GOMPERS

Delegates to Labor Convention Use Personalities in Fight on President's Report

ROCHESTER, N. Y., Nov. 21.—The friction between the socialist delegates to the American Federation of Labor and their opponents, which has been apparent since the convention met, resulted in a bitter discussion on the floor today in which personalities were freely employed.

The report of the committee on the report of President Samuel Gompers was being read and disposed of, clause by clause, without opposition until the recommendation that the federation's political methods of non-participation in any party be continued, was reached.

Max Hayes of Cleveland bitterly denounced the suggestion. He declared that the executive council of the federation and President Gompers, had during the last campaign done all they could to aid the democratic, republican and progressive parties by printing their platforms and stubbornly ignoring the platform of the socialists.

## SERBIA YIELDS TO AUSTRIAN THREATS PEACE TERMS OFF

Nazim Pasha Is Ordered to Resume Fighting and Negotiations Are Off

## TURKS REJECT BALKAN CLAIM

Little Country Has No Backing and Is Forced to Forego Port on the Adriatic

## PEACE NEGOTIATORS IN SESSION

Village Eighteen Miles from Constantinople Is Scene of Meeting Between Envoys

CONSTANTINOPLE, Nov. 21.—The porte this afternoon confirmed earlier reports that Turkey has rejected the Balkan allies' terms, deeming them excessive, and that Nazim Pasha has been ordered to resume fighting.

BUDAPEST, Nov. 21.—The sounds of guns at sea could be heard at the southern entrance to the Bosphorus today, according to a message from Constantinople. It could not be accounted for. Nazim Pasha reported to the sultan today that the Bulgarians have fallen back 4 miles from the trenches outside and paralleling the Chatatja line fortifications.

SOFIA, Nov. 21.—The Turkish warship Hamideh was today reported blown up by a Bulgarian torpedo boat. It was said that many Turks were killed.

BERLIN, Nov. 21.—Danger of a general European war over the Balkans was considered past today. A few chronic pessimists insisted on worrying lest Serbia go back on her acceptance of compromise concerning an Adriatic outlet but the best opinion was that everything was at last sure to be peacefully settled.

The Servians yielded under pressure from their allies. Bulgaria had previously promised to support the Servians in their demands for an Adriatic "window" but the tremendous losses they have suffered before Constantinople have made it impossible for them to lend effective military aid to anyone for a long time to come.

Without some stronger nation's support it would of course have been suicidal for the Servians to defy Austria.

Albania to be Principality  
It seemed certain today that Albania would be transformed into such a principality as Bulgaria was until three years ago, that it will acknowledge nominal allegiance to the sultan and that Austria and Italy will choose its ruler.

This means joint control by Austria and Italy of the east coast of Adriatic. Serbia, it was assumed, will be given a commercial outlet to one of the Adriatic ports, but no political power.

Though Greece and Montenegro have suffered considerably from the war, neither country will be crippled for any great length of time. Serbia has sustained a decided setback and Bulgaria will need years to recover fully from the effects of the struggle.

## Denial Discredited

LONDON, Nov. 21.—Premier Pashitch, of Serbia, was quoted today in a despatch from Belgrade as denying that his government has yielded to Austria's demands concerning the Adriatic coast. He was said to have declared that the Servians were still determined to have a port.

As the belief that Serbia has given way to Austria's wishes prevailed at all the European capitals and rested on good authority, it was surmised here that the premier's denial was issued to satisfy the Serbian jingo and meant nothing.

## Negotiate for Peace

CONSTANTINOPLE, Nov. 21.—Peace negotiations between General Savoff and Nazim Pasha, commander in chief respectively of the Bulgarian and Turkish armies, began today at the village of Hademkeui, within the Chatatja defenses, and about eighteen miles outside Constantinople.

Rumors that a massacre of Christians had begun at Mediterranean port of Jaffa, thirty miles northwest of Jerusalem, were unconfirmed here today but caused much uneasiness. Definite information was expected from the commander of the Russian cruiser Oleg, now steaming toward the port.

ATHENS, Nov. 21.—Greeks today cut off the rear guard from a body of 3,000 Turks, retreating from Monastir, and a heavy fight followed near Filirina. The Greeks captured quantities of munitions and stores.

PARIS, Nov. 21.—Unless the Balkan allies offer better terms to Turkey, (Continued on Page Six.)

### PIMPLES REMOVED

The Calcium Sulphide Treatment Does Wonders to Every Kind of Skin Eruption

You don't want to wait forever and a day to get rid of your pimples or other skin eruptions. You want to get rid of them right now. Next week you may want to go somewhere where you wouldn't like to have to take the pimples along.

You can get rid of them just in time by taking Stuart's Calcium Wafers.

They contain as their main ingredient the most thorough, quick and effective blood cleanser known, calcium sulphide.

Remember this, too, that most pimple treatments reek with poison. And they are miserably slow besides.

Stuart's Calcium Wafers have not a particle of poison in them. They are free from mercury, biting drugs or venomous opiates. This is absolutely guaranteed. They cannot do any harm, but they always do good—good that you can see in the mirror before your own eyes a few days after.

Don't be any longer humiliated by having a splotchy face. Don't have strangers stare at you, or allow your friends to be ashamed of you because of your face.

Your blood makes you what you are. The men and women who forge ahead are those with pure blood and pure faces.

Stuart's Calcium Wafers will make you happy because your face will be a welcome sight not only to yourself when you look into the glass, but to everybody else who knows you and talks to you.

 Brother Jimson says he owns a dog that not only points and retrieves, but he has taught him to spin on his tail like a top when he smells gasoline. Brother Jimson says he's trying to develop a breed of dogs that will be invaluable in warfare, to point fighting aeroplanes trying to sneak over camp at night.

**Sane Philosophy.**  
 About the sanest philosophy any woman can have is to aim to make the most of each day as it comes along and not borrow trouble from the future or bemoan the regretful past. Go through each day with a determination to make it just as useful, cheerful and helpful as possible. If you live out this belief your life cannot help but be successful.

Profit by a La Crosse citizen's experience.

William P. Delphenick, 1718 Badger St., La Crosse, Wis., says: "Since using Doan's Kidney Pills in 1907, I have had no further trouble from my kidneys or back. I feel justified in saying that my cure is a permanent one. My back gave out and from morning until night, I suffered from a steady ache across my kidneys. I could hardly do my work and was in bad shape when someone told me about Doan's Kidney Pills. I procured a supply at Erhart's Drug Store and it did not take them long to remove every symptom of my complaint."

### ESTABLISH MUSEUM AT HIGH SCHOOL

Mrs. Schmohl Loans Collection of Curios to Start New Feature at School

MANY INDIAN RELICS ARE SHOWN

New Testament About an Inch Long, and Head Hunters' Weapons in Exhibit

The high school is to have a museum which is now fairly well stocked and promises to be one of the features of the school in the near future. Mrs. H. R. Schmohl loaned the school a collection of articles that are very interesting. Among them is the smallest printed New Testament that is readable. It is about an inch long and a quarter of an inch thick and it is enclosed in a little gold case that has a jeweled face. Another article of great interest is a bullet picked up on the battlefield of Chattanooga. Another reminder of the civil war are two bills of the confederacy, one a \$20 and the other a \$10.

A large silver seal, an exact copy of the original seal of the Columbian exposition is also drawing a large amount of attention. A large piece of wood picked up at Seattle which is perforated by sea worms gives an excellent idea of the work of the sea worms.

There are several Indian relics which show some of the interesting traits of the original Americans. One of them is a jawbone of some animal that has the teeth intact and is in the form of a clutch for the hand. To make the article more effective as a weapon one end is loaded with lead. Several pieces of dry skin sewed together and prettily painted and filled with pebbles make a rattle for the Indian papoose. There are several more playthings in the collection.

A number of articles from the Philippines include a broom made of real broom straw, a rice basket that shows years of service, and a head man's axe. This last named article is of great interest, as it shows that the original bearer brought to the tribe two heads. The shield that goes with the axe has a specially constructed notch for the holding of the head while it is being cut off.

A volume of Frank Leslie's magazine for the years of 1859 and 1860 is of much interest as it contains many war stories and incidents leading up to the war.

There are many other articles of interest that must be seen to be appreciated as they all are of some real historic value or have some tradition connected with them which is of interest.

### ST. PAUL FIRM GETS BIG CONTRACT

ST. PAUL, Minn., Nov. 21.—Siemens, Carey & Company, railroad contractors of St. Paul, have been awarded the Superior dock contract of the Northern Pacific road, according to the announcement from the office of President Howard Elliott today. The dockage at the head of the lakes is one of the largest improvement plans of the road for the coming year and will involve an expenditure of more than \$1,000,000. The project will be finished before the grain movement of 1913 is under way.

### TRIED TO GET PAPERS

INDIANAPOLIS, Ind., Nov. 21.—The government in the dynamite conspiracy trial today turned its battery upon the Indianapolis defendants, when Mrs. Mary E. Jarrell, on the witness stand, told how she was offered \$100 by Defendant Fred J. Sherman of Indianapolis, to steal from the home of Patrick J. Dugan documents incriminating the ironworkers.

### Pickpocket Specialist.

The age of specialism! A pickpocket who was arrested in Paris last week mentioned that he only exercised his profession on the irresistible pockets of persons watching an aeroplane.—Punch.

### Varnish for Straw Suitcases.

A coat of white varnish applied to straw-mattings suitcases and shopping bags much improves their looks and usefulness. The varnish causes them to shed water and makes them waterproof.—National Magazine.

### Where Cork Sinks.

Cork, in spite of its buoyancy, will not rise to the surface again from a depth of 200 feet below the ocean's surface, owing to the great pressure of water. At any depth short of that it will gradually work its way back to the surface.

**GIVES LIE TO EMPLOYEE**  
 PHILADELPHIA, Pa., Nov. 21.—Theodore Voorhees, vice president of the Philadelphia and Reading

railway, practically gave the lie to A. T. Dice, general manager of the railroad, in his efforts to explain high coal transportation rates before the state railroad commission today. Voorhees squirmed and twisted under the barbed fire of query and finally had to say that the testimony given by Dice yesterday in regard to company affairs was not so.

### MADAM! IF YOU DON'T FEEL RIGHT TAKE DELICIOUS "SYRUP OF FIGS"

Waste-clogged bowels, torpid liver and decaying food in stomach cause the sick headache, gas, backache, sallowness, biliousness and indigestion.

All women get bilious, headachy and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delightful, fruity Syrup of Figs.

Nearly all ills of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour and full of gases, bilious spells, sallowness, coated tongue, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonfuls of delicious Syrup of Figs. Try this tonight—you'll feel splendid in the morning when the sour bile, clogged

up waste and poisonous matter have been gently but thoroughly moved on and out of your system, without nausea, griping or weakness. Your head will be clear, complexion rosy, breath sweet, stomach regulated, no more constipation, gases, pains and aches. It is simply a matter of keeping your stomach, liver and bowels clean and regular. Then you will always be well—always look and feel your best. But get the genuine—the old reliable. Ask your druggist for "Syrup of Figs and Elixir of Senna." Refuse, with contempt, the so-called Fig Syrups sometimes substituted to fool you. The true, genuine, bears the name California Fig Syrup Company; look for this on the label—

## The Best Cough Syrup is Easily Made at Home

Costs Little and Acts Quickly.  
Money Refunded if It Fails.

This recipe makes a pint of cough syrup, and saves you about \$2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, croup, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in gualacal and the other natural healing pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old successful formula has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

### Taste All Imagination

CHICAGO, Nov. 21.—"If steak is too high, eat a plate of beans. Imagine they're steak. You won't know the difference. You don't taste. You only think you do," said Dr. Albert S. Gray at the home-makers' conference.

### Judge Hears Self Cursed

CHICAGO.—Like a hero of Arabian Nights stories Municipal Judge Newman went among the prisoners in a city hall house as an ordinary visitor. What he heard said about himself was unprintable.

### Babe's Hair Gray

MAYKING, Ky.—A boy with a full growth of gray hair was born to Mrs. John H. Craft, wife of a prosperous farmer.

### Autoists Kill Dog—Shot

ERIE, Pa.—Because an automobile killed his hunting dog, Lloyd D. Pastorius fired both barrels of his shotgun at the party in the machine, seriously wounding three persons.

### Jigs Cure Obesity

NEW YORK.—Irish jigs, Highland flings and symmetrical dancing generally are recommended as the only way to become thin by Mrs. James J. Storrow of Boston.

### Would "Starve the Fly"

BALTIMORE, Md.—"Starve the fly," has been substituted for "Swat the fly," in a crusade against the household pest. The new slogan is said to be more euphonious and practical.

### Gotham Suffers "Spissitude"

NEW YORK.—"Spissitude" is what's the matter with the New York newspapers, says Mayor Gurnor. Spissitude, he explained, means viscosity, stickiness and gumminess.

### Kelly is "Wise Man"

WASHINGTON.—Murphy in Celtic means "seabound" and Kelly "one with wisdom." James McCormick, Gaelic lecturer, told hearers. The Murphys and Kellys cheered loudly.

### Forests as Lung Hospitals

MILWAUKEE.—Speaking before the City club, State Forester Griffith recommended the use of the state forest preserves as tuberculosis "hospitals."

### Preston Man Regains Cow

PRESTON, Minn.—Edward Arnold today celebrated the return of the prodigal fatted calf. One of his prize Herefords fell into a crevasse and was found alive after being without food or water twenty-nine days.

"Hubby," she remarked tremulously, "you love me dearly, don't you?"

"More than life itself," he declared passionately.

"And no personal defect in me would ever cause your love to lessen would it, dearest?"

He agreed that such was the case. "Oh, sweet one," she cried demurely, "I have just one confession to make! I—I—my teeth—my teeth are—false!"

"Thank goodness!" he responded fervently. "Now I can cool my burning brow."

And with that remark he doffed his wig.—Answers.

STEALS STOVE FROM JAIL

KANSAS CITY, Mo., Nov. 21.—John Jones, a negro trusty in one of the police stations here, stole the station stove, wheeled it to a junk shop and sold it for fifty cents. He is no longer a trusty and started serving a sentence in the workhouse. The court cautioned the workhouse guards against John slipping out and selling his ball and chain.

## Quips and Cranks and Wanton Wiles

### Dark Days

There are some days when you can't lay up a cent;

It all goes out for the ice and gas and rent.

And you may wonder how and when and where

You're ever going to be a millionaire.

It somehow seems that your neighbor gets ahead

And you stand still, just as though you were dead;

But if the whole truth he would but impart

He envies you to the bottom of his heart.

Just bear in mind before you call the hearse.

There's always some one fixed a whole lot worse.

A Lot of Money Well Spent

Arthur Blanchard, who spends much of his time traveling over the country for the government, was seated behind a bride and groom in a Pullman car one afternoon when the train went through a long tunnel.

As it emerged into the light of day the bride was grabbing desperately at her hat and fighting three fast rounds with one or two hairpins which had become loosened.

In order to relieve the situation and inject some harmless conversation into the gap, Blanchard remarked:

"This tunnel cost \$12,000,000."

## TWO MEN BURNED BY EXHAUST PIPE

Walter Harget and Fred Sauers Scalded on Roof of the Rubber Mills

## TINNERS FOR TAUSCHE COMPANY

Boiling Water Blown Into Air Falls on Men Working on Repairs

Walter Harget, 1516 South Seventh street, and Fred Sauers, 200 North Seventh street, tanners employed by the Tausche Hardware company, were seriously burned by a peculiar accident at the Rubber Mills on the north side late yesterday afternoon. Mr. Harget was burned more seriously than Mr. Sauers and is now being treated at the St. Francis hospital where he will probably be confined for about two weeks. Mr. Sauers is at his home and will be able to work again within a week.

The men were doing some repair work on the Rubber Mills tin roof near an engine exhaust pipe which suddenly blew a large quantity of boiling water into the air. The water fell upon the men drenching them to the skin. Mr. Harget was wearing a sweater which absorbed the water as it fell upon him and before he could pull it off he was badly scalded. Mr. Sauers' coat shed most of the water that fell upon him although he was somewhat scalded about the neck and face. The men's felt hats which they wore on the back of their heads prevented the water from running down their necks.

The men said that they could go home unattended but they were prevailed upon to accept the services of a physician and Dr. G. J. Egan was called. He ordered Mr. Harget taken to the hospital.

Although the exhaust pipe on the roof occasionally blew off steam while the mill was working the time between each exhaust is of considerable length and the tanners were evidently unaware of their danger for they were working at the base of the pipe itself when the water was thrown upon them.

## PRAIRIE DU CHIEN, Wis.

No cases were tried in circuit court on Tuesday, the entire day being devoted to the examination of candidates for citizenship, of which there were an unusual number. Attorneys from out of town attending court are Joshua Johns of the firm of Bancroft & Johns, Richard Center; Otto Kuenzle and W. E. Howe, C. Wolfe, C. H. Schweizer and A. C. Wolfe, La Crosse.

A delightful card party was given Tuesday afternoon at the home of Mrs. R. W. Fallis, by the first entertainment committee of the Twentieth Century club. Six tables of five hundred were played and a three course dinner was served at 6 o'clock. Mrs. N. G. Sage and Mrs. E. M. Wright cut for the prize, which was won by Mrs. Wright. The hostesses were Mesdames Fallis, E. I. Kidd, A. H. Long, R. D. Paris and C. B. Case, assisted by Mrs. Kate Case and the Misses Geneva Atkinson, Hazel Savage, Alice Green and Ruth Gray. The guests included Mesdames Fred Evert, Jr., Alexander Athey, N. G. Sage, F. S. Clinton, J. S. Earll, W. T. Pinkerton, E.

## The Kind You Have Always Bought,

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 80 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeiters and their little ones in the present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines. It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness. Genuine Castoria always bears the signature of *Chas. H. Fletcher*

## A Human Match Factory

The body contains phosphorus sufficient to make 483,000 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nervous trouble—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That is just what is done by

#### SPOTLIGHTS

##### The Light Eternal

In "The Light Eternal," the stirring spectacular drama of early Rome, which comes to the LaCrosse Theater Saturday, Nov. 23, matinee and night, Martin V. Merle, the author, has hit upon a happy blend of unhappy love and religious persecution resultant in one of those rare dramas, or almost melodramas, that appeal alike to every class and condition of people. Avowed theater goers revel in its intense drama, while churchmen find much to commend in its religious fervor.

This play combines intense human interest with the beautiful and subtle sentiment of the Christian religion; the best thoughts of a brilliant playwright with the clever conception of a master producer; the play-ers have caught the spirit of the theme, and every person in the caste harks back to the strife of paganism.

##### A TREAT FOR LA CROSSE

###### HOUSEKEEPERS

La Crosse housekeepers are delighted with the delicious nut-like flavor of "Minnesota" Macaroni. Many say they never knew macaroni could taste so good and be so firm and nutritious and flavorful as the "Minnesota" Macaroni, now sold by leading La Crosse grocers.

There is a big difference in macaroni as sold in the stores. "Minnesota" Macaroni is made from the VERY BEST DUMM wheat with ALL the wonderfully nourishing gluten left in. It is easily digested, very nourishing, and costs only about one cent a dish.

Try the handy "Minnesota" Cut Macaroni, which is cut into uniform pieces—it cooks more evenly and is quicker to prepare.—Advertisement.

## How One Related It

Say, that Gray's Yerba Santa Cough Cure that Druggist Bey-schlag sells, is the most curious remedy I ever saw. The first few doses don't seem to do anything, but say, all at once it begins to work, and as you go on using it, it's a genuine surprise. The coughing and irritation in that throat of yours stops, and before you know it you are just cured. With a 50c bottle I cured a cough that I couldn't get rid of for the last three weeks.

#### MACK SAYS EAST BELIEVES IN WILSON

ST. PAUL, Minn., Nov. 21.—The commission for the selection of a site for the New York building at the Panama-Pacific exposition is in St. Paul today. Norman E. Mack, former chairman of the democratic national committee, is chairman of the commission, eighteen strong. Commenting on Wilson's cabinet, Mr. Mack said:

"The east has faith in Woodrow Wilson, and there is no apprehension at all over the incoming democratic administration."

"Business has shown no nervousness over the democratic victory."

"Business men in the east heartily approve of Governor Wilson's determination to call an extra session of congress to deal with the tariff."

"W. J. Bryan will be offered a place in the cabinet and will be consulted on the building of the Wilson cabinet."

"Governor Wilson not only admires Mr. Bryan personally, but he regards him more highly than he does any other public man and he will consult Bryan on all important matters."

"If I were president, F. B. Lynch would be made secretary of the interior."

#### SOCIETY

##### HOLD DRESS REHEARSAL

A dress rehearsal for the "Congress of Nations," to be given by the local Y. W. C. A. and the association at the normal school at the normal auditorium Friday night, was held last night, and the production promises to be one of merit. The performers have put in a great deal of time on their parts, and all possible efforts have been exerted to give the playlets the proper atmosphere and costumes. Four countries, Japan, China, India and South America, are represented in four playlets showing the work the Y. W. C. A. is doing for womanhood in the foreign field. The proceeds from this entertainment are to go to support the foreign missionary work of the association.

#### PUBLIC DEBATE

##### The City Beautiful

La Crosse, Wis., Nov. 18, 1912. Editor, Tribune, My Dear Sir:—In your issue Saturday last, you have an editorial on the value of trading at home—buying home made, home jobbed, and home kept goods. I desire to commend you for it. It is correct.

But one phase of the matter you have overlooked. It is this:

Does the merchant, jobber or manufacturer merit this support? Is his factory, warehouse, or store a credit to the city in its appearance? Does he give his employees as good treatment as they deserve? Is this treatment such as will attract other laborers, or skilled help to our city? Does he strive for the future prosperity of the city as the best means of securing his personal prosperity for the future, or does he merely see the immediate dollar?

From what one may observe in a casual inspection of the city, it seems that too large a percentage of our local establishments do not deserve the patronage of those who would help the city prosper. However, appearances may be deceiving. They should not be.

This is offered less for publication than to set the editor's thoughts working along this phase of the question. A vigorous campaign for a "city beautiful" would, mayhap, prove a blessing, the benefits of which none can foresee.

Should you see fit to publish this, which I think unnecessary, please suppress my name. One further question, and I have done. How many salaried men and wage earners represented on the Board of Trade? May they belong under present regulations?

Yours very truly,

(Signed.)

key than they have yet suggested, the war will go on, Grand Vizier Kiamil Pasha was quoted in a dispatch received from Constantinople today as having:

Kiamil asserted that the cholera epidemic was subsiding. Messages from foreigners in Constantinople did not bear out this assertion.

At Hademkeui, where peace negotiations are in progress, the bodies of the dead and the writhing forms of the dying are scattered everywhere, according to the stories told by eyewitnesses.

A perfunctory attempt is being made to remove the sick to the cholera camp at San Stefano and patrols do occasionally make the rounds, gathering them up and dumping them promiscuously into the box cars provided for hauling them away.

The victims frequently lie where they have fallen until they die. At San Stefano the sufferers are treated with equal indifference.

The box cars are unloaded by the simple expedient of tumbling their human contents, sick, dying and dead alike, heels over head down the embankment along with the track runs at that point, and there most of them are left without further thought.

### ROY SORESENSEN IS CAUGHT BY AUTO

Caught between the automobiles owned by C. W. Noble and Dr. R. M. I. Kinnear when Noble's machine, which he had just cranked, suddenly jumped forward, Roy Sorensen, son of Ori J. Sorensen, 121 South Eleventh street, was slightly injured today near Fourth and Main streets.

Sorensen, who is employed by C. W. Noble, ran to talk to his employer as the latter came along in his machine and he then stopped at the curb. The engine died while they were talking and Sorensen went to crank it. There was but a short space between Noble's and Dr. Kinnear's cars and Noble's car jumped forward so Sorensen was caught between the two autos. He was at once taken to Dr. Edward Evans' office where his injuries were dressed.

### EX-SENATOR DYING

OKOLONA, Miss., Nov. 21.—Former United States Senator James Gordon from whom the character "The Gentleman from Mississippi" was drawn, is dying at his home here.

ROJAS REPORTED KILLED  
MEXICO CITY, Nov. 21.—Antonio Rojas, one of the rebel General Orozco's chief lieutenants, was today reported killed in a battle with federals in San Joaquin canon.

Afraid to use hair preparations? Don't know exactly what to do? Then why not consult your doctor? Isn't your hair worth it? Ask him if he endorses Ayer's Hair Vigor for falling hair, dandruff, a hair tonic and dressing. Have confidence in his advice. Follow it. He knows.

### ASK \$20,000 FOR FALL FROM LADDER

Boilermaker Badly Injured when Rung of Ladder Breaks; Case in Court

### BOND DAMAGE SUIT IS SETTLED

Burlington Brakeman's Troubles at an End; O'Gar Paid for Injuries

Mayse McKown, a boiler maker of Fort Wayne, Ind., the plaintiff in a \$20,000 damage suit against the Western Gas Construction company, testified in circuit court today that a twenty-five foot fall from a ladder had resulted in the breaking of his left arm, injury to his ankle, two fractures of the jaw, a dislocation of the cheek bone, the temporary closing of one eye, the knocking out of eleven teeth, piercing of a hole through his upper lip and eye trouble which causes him to see double.

Mr. McKown fell from a ladder while working on the construction of the new gas holder of the La Crosse Gas and Electric company during the month of August. He declares his fall was due to the breaking of one of the rungs of the ladder. Attorney Frank Winter is representing Mr. McKown.

Bond and O'Gar Cases Settled  
The case of William O'Gar, who was injured while in the employ of the Chicago, Burlington and Quincy railroad, was settled for \$3,000. O'Gar was struck by a plank which was thrown into the air by a box car which struck it while he was acting as switchman. His jaw was fractured in several places.

Mr. O'Gar had a narrow escape previous to the last accident when he fell from the top of a rapidly moving box car as it was passing over a viaduct on the north side. He fell to the street below and was confined to the hospital for several months with his injuries.

Bert A. Bond, the Burlington brakeman who was arrested while confined to the La Crosse hospital with injuries received in a wreck and who was alleged to have lived while Miss Anna Shilling as his wife while he had a wife and three children living at Aurora, Ill., settled his damage case against the Burlington railroad this morning. By means of this settlement he is able to provide for Miss Shilling and for his family at Aurora until he is again able to return to work.

He will leave for Aurora today with his wife, the criminal case against him for cohabitation with Miss Shilling having been settled previously.

### MISSION DIRECTORS TO HOLD MEETING

The board of directors of the City Mission will hold their annual meeting at the Mission Hall, 325 Jay street tomorrow night when directors and officers will be elected for the coming year.

A special program has been arranged for the occasion, and several musical selections will be rendered. Mr. James Kerr will sing a baritone solo. The annual reports will be submitted. Rev. J. S. Fraser will speak at tonight's services.

### HOKAH WOMAN DIES OF HEART DISEASE

Mrs. Margaret Schneedecker, aged 45, died of valvular disease of the heart at Hokah yesterday. She was born in Hokah township and was well known in Hokah, where she had lived for a long time. Surviving here are her husband, one son, one daughter, four sisters and two brothers. The funeral will be held at the Hokah Catholic church at 9:30 Saturday morning, with Rev. H. Dolle officiating at the services. Burial will be made in the Hokah Cemetery.

### N KANSAS VOTE COMPLETE

TOPEKA, Kan., Nov. 21.—The official election figures for Kansas announced today give President-elect Wilson a plurality of 23,447. The total vote cast was 365,000 or 23,000 more than four years ago. Taft did not carry a single county.

### TO ADDRESS BADGERS

CHICAGO, Nov. 21.—Harry Pratt Judson, president of the University of Chicago, will speak at the luncheon of the University of Wisconsin club of Chicago, at the Grand Pacific hotel tomorrow. His subject will be "Are There Too Many Universities?"

### AMERICAN GIRL IS GRANTED FREEDOM

Arrested and Concealed by Italian Police at Instance of Husband Who Is Jealous

PARIS, Nov. 21.—Signora Vittorio Moschini, formerly Miss Lulu Davis of Austin, Texas, who was arrested in Rome last Sunday, on a charge by her husband, Deputy Moschini, of the Italian parliament, that she was too friendly with Lieutenant Count Bellegarde of King Victor's navy, was released today, according to Rome dispatches. It was added that Signora Moschini intended to sue her husband for defamation of character.

Moschini and Miss Davis were married in Rome in 1910. Moschini subsequently sued for annulment of the marriage on the ground that certain legal formalities were not complied with.

The court refused the annulment but granted a separation order, directing Moschini to allow his wife \$200 monthly. Moschini appealed. In his efforts to win, he has subjected her to constant persecution, according to his wife. After having her dogged by detectives for months, as she complained, he finally caused her arrest.

When her lawyer, Signor Vinai, tried to have her released, the police denied that she was their prisoner. On establishing the falsity of this denial and offering bail, the lawyer was met by the objection that Signora Moschini was unable to procure her birth certificate as required by Italian law. The American embassy declared itself unable to act because the prisoner lost her American citizenship when she married Moschini.

How her release was finally accomplished was not made clear by today's dispatches.

Signora Moschini is 23 and remarkable for her beauty. The Italian press has been bitter in its denunciation of the manner in which she has been treated. It attributed it to the influence of her husband, very rich and politically powerful.

### MRS. SWARTHOUT DIES

AGED WOMAN WHO CAME TO LA CROSSE IN 1855 DEAD AT THE HOME OF HER SON

Mrs. Susan Swarthout died this morning at the home of her son, Dr. E. C. Swarthout, 904 Rose street, at the age of 81 years. Old age was the cause of death.

She was born Nov. 20, 1831, in New York, and remained there until she was 16 years old, when she moved with her parents to Beaver Dam, Wis. In 1852 she married Alfred S. Swarthout. In 1855 they came to La Crosse county, where they remained until 1879, when they moved to Sparta. In 1902, she broke up housekeeping and came to live with her son, Dr. E. C. Swarthout, where she remained until she died.

She leaves one son, Dr. E. C. Swarthout, one brother, Chester Beswick of Blair, Wis., and five grandchildren.

Funeral services will be held Saturday morning at 10 o'clock at the home of Dr. E. C. Swarthout. Interment will be made at Sparta.

### VENISON DINNER TICKETS ON SALE

Tickets for the venison dinner, which will be given by the La Crosse Hunting and Fishing association at the Hotel Doering next Tuesday morning, have been placed on sale at Hebbard's drug store. Young's drug store and the Bodega clear store on the South side, and at the Exchange State bank, with Sam Welch, 1630 George street, and George Stuhler, 1223 Caledonia street, on the North side. Tickets can be obtained also from the officers of the association. No tickets will be sold later than Monday noon.

### MISS KELLER GIVES HELP TO UNIONS

LITTLE FALLS, N. Y., Nov. 21. A letter with a check for \$87 was received at the headquarters of the striking textile workers today. They came from Helen Keller, deaf, dumb and blind prodigy, who wrote that she hoped the money would assist in the fight that the union is making here.

### MANY WANT TO WED

MINISTREL STARS HIT AT BAZAAR

Dora Flora Sextette and Richmond-Derr Team of Elks' Show Play at St. Mary's

The Dora Flora Sextette and other features of the recent Elks' minstrel show were the big attractions at the St. Mary's bazaar last night.

With no attempt at cleverness or stage "finish" the sextette act was literally a scream. William F. Hurtgen, Jake Padesky and Joe Kidder played the part of the women while Eddie Newburg, George Buell and Dr. T. H. McGovern took the part of the "down south" sporty dandies.

The sextette was encored time and again at each show—two performances being given.

Miss Edith Derr and Aubrey Richmond made a tremendous hit in one of their attractive little song and dance acts, the latter singing "Down on the Levee" in genuine blackface style.

As an additional attraction Mr. Newburg sang "Everybody Two Step," the number in which he distinguished himself in the Elks show.

**BOARD OF TRADE INVITED TO MEET**

Secretary J. L. Utermoehl of the board of trade is in receipt of an invitation to the board to be represented by a delegation at the Second Federal Aid Good Roads convention, which will be held at the Hotel Raleigh, Washington, March 6 and 7, 1913. The matter of sending delegates will be brought up at the next meeting of the board of directors.

**NEW SCALE ACCURATE**

City Sealer Eugene Derr today declared that the scales recently installed by J. Bowman of the Howe Scale company for the city and the John Gund Brewing company are two of the most accurate scales he has ever tested. The scales have a range of from eight ounces to 10,000 ton.

**HUNT HAMMER SLAYER**

CHICAGO POLICE ON TRAIL OF "HANDSOME JACK" KOETTERS WHO IS THOUGHT VICTIM'S FINANCEE

CHICAGO, Nov. 21.—The body of Mrs. Emma Kraft of Cincinnati, who was murdered in the Saratoga hotel here one week ago, was positively identified today by the woman's niece, Miss Florence Kloker, who came to Chicago with her mother, Mrs. Anna Kloker.

While the women were viewing the body at the county morgue, detectives were combing the north side for "Handsome Jack" Koettters, 36, who has a dimple in his chin. A police alarm has been sent out for Koettters, who is said to be the man Mrs. Kraft came to Chicago to marry, bringing nearly \$5,000 in cash with her.

When Miss Kloker was led into the morgue, she looked once at the body and then swooned. When she was revived she screamed: "That's Aunt Emma."

A neat appearing man called at the Saratoga hotel today and was found attempting to unlock the door to the room in which Mrs. Emma Kraft of Cincinnati was murdered last Thursday night. When a chambermaid inquired his business there, the man struck her in the face with a heavy key.

Detective Sergeant Aldenhovel, who was called on the case, followed the man to the Majestic hotel and arrested him. The man was registered at the hotel as Baron Von Hoff, London, Eng. He talked with a noticeable cockney accent.

At State and Van Buren streets, the baron turned and struck the detective in the face and attempted to escape. Baron Von Hoff said he had become interested in the Kraft murder and wanted to look over the scene, thinking possibly he might find some clue that would aid the police in capturing the murderer.

**INDIANS PREDICT A HARD WINTER**

COUDERAY, Wis., Nov. 21.—The annual Indian weather forecast, which has often surpassed the scientific prognostications of government weather bureau experts for accuracy, was given out today by the Chippewa Indian prophets of the Couderay reservation.

"Little snow, heap cold," for the winter was the forecast, which is based on the antics of the beavers, muskrats, birds, beasts and even fishes.

**QUAKE KILLS 100**

MEXICO CITY, Nov. 21.—Fully 100 were killed and several small towns were completely destroyed by the earthquake which shook the state of Mexico Tuesday, it was learned today.

**AIR CHAMPION KILLED**

RHEIMS, France, Nov. 21.—Aviator Frey, who won the Paris-to-Rome flight some time ago, fell with his aeroplane here today and was killed.

**150 ARRESTED IN RACE SUICIDE WAR**

Majority of Quack Doctors and "Maternity Specialists" Wanted Are Under Arrest

WASHINGTON, Nov. 21.—Incomplete returns today of the nationwide raid of the postoffice department yesterday upon "quack" doctors, midwives and purveyors of "obscene drugs" reported arrests of 150 defendants. A score were reported from the Pacific coast. Hourly returns from postoffice inspectors gave graphic details of the biggest haul of the dragnet in the history of the government.

Chief Postoffice Inspector Sharpe stated today that before night he expected to have accomplished the arrest of 170 odd persons.

Early, almost simultaneous, trials in all federal district courts of the 22 states in which arrests have been made, were requested today by Postmaster General Hitchcock. Chief Inspector Sharpe said today that tonight or early tomorrow he expects complete returns of the arrest of every person indicted. Unexpected delays prevented a complete "clean up" yesterday, some of the defendants having left their homes of offices temporarily.

"But we will get everyone of them you may be sure," said Sharpe.

**THE GUND SCALES GAVE OVERWEIGHT**

The recent statement that the wagon scales of John Gund Brewing company were among those condemned by Inspector Gene Derr proved to have been a mistake, probably being a deduction reached from the fact that the company has ordered new scales. Mr. Derr did inspect the scales and found them giving overweight. This could have been corrected, but the foundations were found to be in bad shape and the company decided to secure new scales.

**BIDS ON RESERVOIR OPENED BY BOARD**

Bids aggregating over \$100,000 were opened by the board of public works yesterday afternoon for work in connection with the new water plant. The most important piece of work which was bid on yesterday afternoon was for the construction of a reservoir. The bids will be referred to the city council.

Much discussion was caused today over the \$59,000 bid of Thos. Woolley for the laying of 6,000 feet of pipe. City officials were heard to say that Engineers Alvord and Burdick will advocate laying the pipe above ground rather than to pay that price.

**U. C. T. DANCE SERIES STARTS ON SATURDAY**

Preparations for a series of dances which will be given this winter, the first of which is scheduled for Saturday night at the new Elks' hall, are being made by the local lodge of U. C. T. The dances are to be invitation affairs and are purely for social purposes. If the social affairs of the U. C. T.'s of the past may be taken as samples of their style of entertainment, the tickets to the dances this year will be much sought after by the members of the younger set.

Several capable committees have been appointed to take charge of the dances and good music will be obtained. It is probable that refreshments will be served. The committees in charge are as follows:

General committee—J. A. Weigel, E. J. Steinmetz.

Reception—J. W. Calloway, P. J. Yerly, J. P. Barnes, W. F. Hurtgen, J. A. Elliott.

Music and arrangements—J. P. Hurtgen, W. A. Grimes, C. J. Morton.

Floor—Frank Sisson, Bert Smith. Tickets and invitations—E. J. Steinmetz.

Refreshments—J. P. Hurtgen, J. W. Calloway, C. F. Calloway.

**More Truth Than Poetry**

"It was a cough  
That carried him off;  
It was a coffin  
They carried him off in."

The action of the board of health, urging citizens to take precautions against the prevailing coughs and colds, brings to mind the old jingle. Probably most of the deaths in this country today are the result of diseases which had their origin in neglected coughs.

There is no better prescription for giving immediate relief to acute coughs and speedily breaking up the most severe colds than that of a famous throat specialist who always advises his patients to shake together two ounces of glycerine, eight ounces of whiskey and half an ounce of Virgin Oil of Pine, and to take a teaspoonful of this simple remedy every four hours.

Any druggist can supply you with genuine Virgin Oil of Pine, which comes only in sealed half ounce vials in wooden cartons bearing the label of The Leach Chemical Co., Cincinnati.—Advertisement.

**Home Face Peeling Becomes Popular**

(From Fashion Reporter.)  
No complexion treatment yet discovered seems to have become so generally and so immediately popular as the mercialized wax process. Evidently the reason for this is that this method actually gets rid of a bad complexion, which can hardly be said of any other complexion. To temporarily hide or bleach the defective skin with cosmetics, cannot compare with the effect of literally removing the skin itself. Mercialized wax takes off the offending surface skin in flour-like particles, a little at a time, until there's none of it left. The new complexion thus produced exhibits a healthy glow and grain, beauty obtainable in no other way. This wax, which you can get at your druggist's, is applied at night in the same way you use cold cream, and washed off next morning.

Here is the only thing I know of that actually does remove wrinkles, remove them quickly, and at trifling cost: Powdered saxolite, 1 oz., dissolved in ½ pt. witch hazel. Use as a face bath.—Advertisement.

**FRENCH ISLANDER DIES IN HOSPITAL**

I. L. Roberts of French Island died of necrosis of the jaw at the Lutheran hospital at 2 o'clock yesterday afternoon following an illness of four weeks' duration.

Mr. Roberts was well known in this city, where he has resided since a year ago last February. He was 61 years old. He is survived by his wife, one daughter, Mrs. Henry Knot, and two sons, George and Homer Roberts.

The body will be sent tonight to De Kalb, Ill., where burial will be made.

## WOULD MAKE BAR BILL COLLECTABLE

Next Legislature Will Be Asked to Pass Law Allowing Saloonists to Garnishee

MILWAUKEE, Wis., Nov. 21.—Wisconsin saloonkeepers are tired of furnishing beer to delinquent customers on credit. The next legislature will be asked to pass a bill giving them a right to institute garnishment proceedings against those who fail to pay for their refreshments.

This bill of information was conveyed to Milwaukee liquor dealers by John Langen, president of the Wisconsin Retail Liquor Dealers' association, in an address before the Milwaukee branch of the association, in Eagles' hall, yesterday afternoon.

**Would Vest License Holder**  
According to Mr. Langen, the executive committee of the state association has decided to ask the legislature to enact such a law, and also to pass a bill vesting the license granted by any municipality in the saloonkeeper himself, and not in the building in which he conducts a saloon, to make it possible for the proprietor to move, should he so desire, without asking for a new license.

**Urges Consumers' Brewery**  
The speaker declared that Milwaukee saloonkeepers were charged an exorbitant license fee, that they were discriminated against and were at the mercy of Milwaukee brewers. He urged the establishment here of a consumers' brewery, owned by saloonkeepers, similar to one now being built in St. Louis.

## SIMPLE SAFE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's Cream Balm Will Stop It in the Sneezing Stage.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting, hacking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless. O. T. Erhart.—Advertisement.

## EVERY DAY WANT OF EVERYONE

Will Now Be Supplied With Dictionaries—The New Modern English Edition for a Few Coupons

"When in doubt, consult the dictionary"—but when complying with this useful adage you should consult only the best dictionary obtainable, and it is this sort of a work that The Tribune is providing the public, in distributing an entire edition of the New Modern English Illustrated Dictionary.

All that is required in exchange for one of these volumes which would prove a valuable addition to any library, and the most useful book of ready reference that could be placed upon an office desk, is six coupons clipped from consecutive issues of The Tribune and the small expense bonus stipulated in the particulars printed in a display advertisement on another page of this issue.

There is no royal road to learning, but you can make the way to a better understanding of our own language much easier. The person who does not need to increase his or her vocabulary would be hard to find, and many are those who have found by bitter experience that their shortcomings in the use and proper understanding of words is a heavy handicap in business and social life.

To ignore this opportunity to have at your elbow the education you need, and which you can acquire by referring to the New Modern English Illustrated Dictionary, is to admit that you are not ambitious to increase either your earning power or the means of properly expressing your ideas and emotions by either spoken or written words.

A free scholarship in the study of the language, in addition to the supply of a wonderful fund of ready reference information, is what is really offered and the crowds which are visiting our dictionary department to look at the books, demonstrates that the opportunity provided is a popular one.

Those who cannot come to get their books can obtain the volume they select from the published description by sending six coupons, expense bonus and 22 cents for mailing.

No. 1 is a beautiful book, bound in full limp leather, flexible and stamped in gold on back and sides. It is printed on strong Bible paper with red edges and with rounded corners. It makes a handsome appearance and is durable. This book would ornament any library or desk. It is compact and small enough not to be cumbersome.

No. 2 is the same book as No. 1, except in style of binding. It is in half leather, with olive edges and square corners.

No. 3 is bound in plain cloth. It is printed on the same strong Bible paper, but does not contain the beautiful colored plates and charts which illustrate the other two volumes. The illustrations are in black and white. It is complete as to contents.

Everybody needs and should have this particular dictionary. Clip the coupon today.

**Selenium for Burglar Alarms.**

The property of selenium of becoming conducting to electricity when exposed to light is to be made use of for the construction of burglar alarms. A selenium cell is inserted in an ordinary electric circuit comprising a bell and a battery. During the day the cell is kept covered sheltered from the light. At night the cover is removed. Any light then falling upon the cell closes the circuit and sounds the alarm bell.

If, as some writers say, a man acquires wisdom through marriage, it is no wonder the late Mr. Solomon had wisdom to throw at the birds.

## SAM SCHEPPS FREED

FIRST OF ROSENTHAL WITNESSES IS RELEASED BUT MAY GO TO JAIL FOR NEGLECTING ALIMONY PAYMENTS

NEW YORK, Nov. 21.—Sam Schepps was the first of the state's material witnesses in the prosecutions growing out of the Rosenthal murder to be granted his release. He was brought before Magistrate Murphy today on the vagrancy charge which has been hanging over him ever since he was arrested. Assistant District Attorney Rubin told the court that the state was willing that the charge should be dismissed as the "ends of justice had been served."

Accompanied by his counsel, Sam Schepps was taken directly to the office of Thomas Riley, where Mrs. Schepps was in waiting. She has secured a separation and wanted to know what provision he was going to make for her support. On the result of the conference hinged whether Sam was to be permitted to go on his way to Hot Springs or to be locked up as a member of the non-paying alimony association.

#### LITTON PROMISES RACE

SAN FRANCISCO, Cal., Nov. 21.—Sir Thomas Litton will challenge the world for the championship of the sea in the cutter class in 1915. Addressing 200 yachtmen at a banquet here last night, he said: "I intend to bring a 23 meter cutter here in 1915, and challenge the world to a race for the championship of the sea. The opening of the Panama canal, in my judgment, will see the real beginning of the greatness of the Pacific coast as a yachting center. It will make only a pleasant voyage to this city from Europe or the east."

## NOT SALTS AND PILLS. "CASCARETS"

If Constipated, Bilious, Headache, Stomach Sour, get a 10 cent box of Cascarets

You men and women who can't get feeling right—who have headache coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days by a cathartic pill or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and the excess of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

#### U. S. COTTON REPORT

WASHINGTON, Nov. 21.—The census bureau's cotton ginning report issued today showed: Bales ginned from the growth of 1912 to November 14—10,291,431. Last year the total was 11,313,236. Round bales included this year was 62,490, compared with 75,963 for 1911. Sea Island included are 41,321 against 71,204 for 1911.

## If I Had Eczema

I'd simply wash it away with that soothing liquid, D.D.D. Prescription. The very first drops instantly stop that awful itch. A 50 cent bottle will prove it.

We cannot absolutely guarantee a cure every time but we do say this. If the first regular size \$1.00 bottle does not do exactly as we say it will not cost you a cent. Better try a bottle at once on our personal guarantee.

## REGISTER TRUSTS TRIAL UNDER WAY

Jury in Prosecution of Dayton Firm for Alleged Restraint of Trade Is Completed

CINCINNATI, O., Nov. 21.—With a jury selected after two venues consisting of forty-eight men had been exhausted, the trial of the thirty officers and employees of the National Cash Register company of Dayton, Ohio, charged by the government with conspiracy in restraint of trade began in the federal court here today.

After Judge Hollister had quashed the second venire, he issued, by consent of the attorney of both sides, a venire of his own selection, consisting of twelve prominent Cincinnati business men, three of whom were finally chosen, thus completing the jury.

Attorneys for the prosecution and defense began their statements to the jury at the opening of court.

## GERMANY AFTER TRUST

FATHERLAND SAID TO BE PLANNING OUSTER OF U. S. TOBACCO TRUST TO FOLLOW STANDARD OIL

BERLIN, Nov. 21.—With the bill by which it is expected to drive the Standard Oil out of Germany ready for submission to the reichstag next Tuesday, the government was said today to be gathering data preliminary to attacking another American concern—the Tobacco trust.

It was admitted that officialdom "motives are not wholly altruistic. It is seeking merely another source of revenue and believes it can be found through the creation of a state-controlled tobacco monopoly.

The American Tobacco trust at present has a tight grip on the fatherland.

#### Point to Remember.

It was the ballet master who spoke. The occasion was the rehearsal in London of the Walpurgis scene in Guonod's "Faust." He chided: "Ladies, ladies, take yer 'ands off yer 'ips, yer not dancing on 'Amstead 'eath; yer dancin' in 'ell."

## JOHNSON IS ARRAIGNED

BLACK CHAMPION GIVEN THREE WEEKS TO FILE DEMURRER TO WHITE SLAVE CHARGE AGAINST HIM

CHICAGO, Nov. 21.—Three weeks time was granted attorneys for Jack Johnson, pugilist, in which to file a demurrer to the charges of violating the Mann white slave law, when Johnson was called before Federal Judge Carpenter today. No plea was entered in the case. Johnson has made an offer to plead guilty to the charge if the government would accept a large fine. District Attorney Wilkerson has refused to accept a plea of guilty with this understanding.

To the charge of smuggling a \$6,900 jeweled necklace into the country, Johnson pleaded not guilty today.

## WAGES RAISE LESS THAN FOOD COSTS

New York Expert Foresees Disaster if Something Is Not Done to Remedy Conditions

SYRACUSE, N. Y., Nov. 21.—

"Wages do not rise automatically with the prices of foodstuffs; incomes have not adjusted themselves to the present enormous cost of living, and the work of years is threatened by conditions now confronting the people of the United States," declared John A. Kingsbury to the state conference of charities and correction, here today. Kingsbury, general agent of the New York association for improving the condition of the poor, made it very plain that he believed the general unrest everywhere was due to the soaring of the price of foodstuffs and that unless a remedy is soon secured disaster must come.

"The hope of attaining a minimum standard of living for families now in the care of private charitable organizations becomes more and more remote as the tyranny of prices grows more intense, and the cost of many necessities of life becomes prohibitive," declared Kingsbury. "In spite of persistent protests from press and platform prices of foodstuffs continue to soar. In a single year the cost of the sheer necessities of life has increased 25 per cent. Rents have undergone a similar increase.

Kingsbury said he believed an international commission should be named to investigate and recommend remedies. Existing taxes on buildings should be reduced, he said, and a chain of people's stores established to sell food to the people at cost.

#### CALIFORNIA STILL IN DOUBT

SAN FRANCISCO, Nov. 21.—Colonel Roosevelt is 65 ahead of Woodrow Wilson on the face of complete returns from 34 of the 58 counties in California.

#### Fallen From High Estate.

Man has wandered so far away from the path of rectitude in diet that he has lost his instinctive guide. His sense of smell is nearly gone. His taste is perverted. He has lost his "horse sense," or monkey sense, and is left to wander in a wilderness of ignorance and disease. His only hope seems to be to sit humbly at the feet of a wise ape and learn the difference between food and poisons.—Good Health.

#### Not Knocking, of Course!

**Easy to Get Rid of Corns THIS Way**  
"GETS-IT," the New Corn Cure, Guaranteed.

"Corns Gone! GETS-IT Got 'Em!" "GETS-IT" is the new-plant corn cure that will surely surprise you. It is very first time you use it, it is so simple, painless, quick and sure in its action.

It shrivels up the corn, wart, callous or bunion, separates them from the true flesh, the corn comes off, and there you are, with feet that feel positively glorious; corn-free once more as they used to be in your barefoot days.

The most remarkable feature is that "GETS-IT" does not harm or burn raw the healthy flesh as other preparations do. It is as safe as water. No more plasters, bandages or salves.

"GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

Sold in La Crosse by Columbian Pharmacy, City Book & Drug Store, Spence-McCord Drug Co., Chas. Bey-schlag, Geo. Mariner.

MADISON, Wis., Nov. 21.—On November 12, 142 new students had registered for the short course of the college of agriculture of the University of Wisconsin, or 17 more than on the same date last year. Final registration does not close until November 30, when it is expected, 450 students will be enrolled. This will include the second year men who have returned to complete their courses.

The following are enrolled from La Crosse county: E. M. Stevens, La Crosse; W. H. E. Reid, La Crosse; G. W. Schaller, Holmen; A. Skogan, Holmen; O. P. Quall, Midway; T. Kinservik, La Crosse; M. J. Hendry, Bangor.

#### 12 HUNTERS DIE IN BADGER WOODS

MILWAUKEE, Wis., Nov. 21.—A summary of hunting accidents in the northern woods to date shows that the total of fatalities and serious accidents since September 1 breaks all recent records.

A tabulation of Wisconsin accidents to date shows that twelve have been killed and ten seriously injured, while in Michigan the accidents have been more frequent. In one county there were four killed by mistake for deer in three days and there has hardly been a day since the opening of the season without a fatal shooting.

#### RINGLING MOTOR CAR BURNS UP

PORTAGE, Wis., Nov. 21.—A touring car driven by Richard Ringling of Baraboo, caught fire in the business section of Portage as the party, including F. J. Kalahan and Walter Hoth, were about to return to Baraboo Tuesday night. The fire department was called to the scene. The car was considerably damaged, but saved from total destruction by use of chemicals.

Ringling is a son of Alfred T. Ringling, famous showman. None of the occupants of the car were hurt.

#### CALL THIRD VENIRE IN YOUTHS' TRIAL

JANESVILLE, Wis., Nov. 21.—The third venire of 70 men was called yesterday in the trial of Harry Berger and Edward Meyer, local youths charged with the murder of Tillie Bergsterman. Eleven jurors have been tentatively accepted, but as the state still has eleven peremptory challenges and the defense 17, it is not expected the jury will be secured for several days.

#### HINES FIRM TO BUY BIG TRACT

ASHLAND, Wis., Nov. 21.—A report was current in lumber circles today that the Hines Lumber company is negotiating to take over the holdings of the Mississippi River Lumber company in Sawyer and Rusk counties, which includes the largest tract of standing timber left in the state. The purchase, if made, will involve a large sum of money.

#### OLCOTT SINGS AT AN IRISH BAZAAR

MILWAUKEE, Wis., Nov. 21.—Loyal to the Irish, Chauncey Olcott visited the St. Thomas Aquinas church bazaar at the Auditorium on Hibernians' day, which was the title given to Tuesday, and an audience that rivaled his earlier audience at the Davidson theater heard him sing "My Wild Irish Rose" and other Irish classics.

#### ROBBER BEATS MAN AND HE WILL DIE

NEENAH, Wis., Nov. 21.—John Kierstein, aged 50, will probably die as the result of injuries received when he was attacked by a highwayman, as he was returning home from work. He was robbed of \$45, his month's pay.

#### HUNTERS NEAR DEATH

LADYSMITH, Wis., Nov. 21.—Eighteen hours on a scant sand bar in the swift current of the Flambeau river north of Tony, Wis., from which they were rescued exhausted and nearly frozen, was the experience of Charles, Henry and John Davis, brothers, of this city, according to their story today. They were hunting deer and attempted to wade the river as night came on. Charles Gunnering, another deer hunter, heard their cries at noon the following day and brought help.

### FIVE GAMES LEFT IN "Y" TOURNEY

Bettin-Lassig and Cilley-Gran Teams Are Unde-feated Up to Semi-Finals

### SIXTEEN TEAMS ARE ENTERED

Contests Are Preliminaries to Decide Handicaps in Big Winter Tournament

Two more games were played in the handicap handball tournament at the Y. M. C. A. yesterday and O. Marquardt and G. Falk and F. Rand and C. Hyde were beaten, each team losing three games straight. They were beaten by J. Bettin and J. Lassig and P. Cilley and A. C. Gran, and these teams are now among the undefeated teams which will play in the semi-finals.

Much interest is being taken in this tournament in which sixteen teams are entered. The opponents of each team were decided upon by lot

by the committee in charge of the tournament and the first eight games must be played by November 30. After the eight winners and eight losers have been declared, winners and losers will play in order to eliminate the others until there are but two teams left to play in each class. Three games are played in every set in order to ascertain the average playing of each team and in this way the handicap to be given the teams in the big tournament this winter will be determined.

Two more games are to be played today and but three games will then remain to be played before November 30. At 5 o'clock this afternoon E. A. Erickson and L. M. A. Roy will meet E. Anderson and J. Dahlgren and at 7:30 this evening A. Erickson and E. H. Erickson will play A. Ulrich and T. Solie.

Results of yesterday's games: Bettin and Lassig, 21, 21; Marquardt and Falk, 9, 4, 17; Gran and Cilley, 21, 21; Rand and Hyde, 7, 13, 4.

### MAROONS HELD TO TIE IN PRACTICE

CHICAGO, Nov. 21.—Only today was left for hard scrimmage between the Chicago Varsity and the freshmen, in preparation for Saturday's game with Minnesota. The yearlings yesterday put up a good game against the Varsity, using Minnesota formations. The result of the play was a score of 12 to 12. It would have been at least 18 to 12 in favor of the Freshies, but for a costly fumble when Foote of the Freshies dropped the ball as he crossed Chicago's goal line for the third touchdown.

### LAWRENCE BATTLES RIFON FOR TITLE

RIFON, Wis., Nov. 21.—With the championship of the state at stake, football interest centers on the Ripon-Lawrence battle, scheduled for Ripon on Saturday.

Both teams defeated Carroll and Northwestern. Lawrence played an 0-0 tie with Beloit. Ripon, although defeated by Beloit, 7-6, two weeks ago, is conceded to have the better team. Captain Choate, who has been out of the game for the last three weeks is again at fullback. With the exception of Thompson, center, who strained the ligaments of his shoulder, no serious injuries resulted from the Northwestern game. Ripon will thus be able to put the strongest team of the season on the field against the Appleton team.

### HOPPE RETAINS THE BILLIARD TITLE

NEW YORK, Nov. 21.—Willie Hoppe retains the world's championship 18.2 ball line billiard trophy. He defeated Ora Morningstar of Pittsburgh, last night, ending the tournament, which has been in session for two weeks. Hoppe's victory came with a score of 500 to 276, and his average was 22. He won six games in the tourney and lost but one, Yamada, the Japanese, being the only one to defeat him.

### AYER INDIAN COMMISSIONER

WASHINGTON, Nov. 21.—President Taft today appointed Edward T. Ayer, multi-millionaire contractor of Chicago, a member of the board of Indian commissioners.

### BADGER ELEVEN IN FINAL SCRIMMAGE

MADISON, Wis., Nov. 21.—The Wisconsin team put in a good hour last night running signals and scrimmage against the freshmen. Reports from Iowa City indicate that Iowa is a great deal stronger than they are given credit for. Of the team that fell before Minnesota, a number are missing, and quite a few new faces have appeared the last two weeks. It is a well known fact that the Hawkeyes are a heavy bunch, and no chances are to be taken with them.

The varsity squad scrimmaged against the yearlings for the last time today. Many scrubs were sent into the lineup in order to give everyone some practice. All fancy work was omitted and just straight football was indulged in by both sides. The freshmen were given the ball on the twenty yard line and sent against the first team in an effort to score. Later the positions were reversed and the regulars took the ball and soon planted it over the line.

The sudden brace on the part of Iowa, as shown by the defeat of Indiana and Ames, has aroused an unusual amount of interest among the students. Saturday's game will be the last one for a number of the Badger's best players. Among those who will be missing next years are Gillette, Capt. Hoeftel, Samp, Van Riper, Bright and Castile.

### OUTFIELDER SOLD

BUFFALO, N. Y., Nov. 21.—Outfielder Schirm of the Buffalo International league team, has been sold to Oakland, Cal., it was announced by Manager Clymer today.

### WESTERN WILL NOT BE OUTLAW LEAGUE

CHICAGO, Nov. 21.—A team representing Chicago will not be a part of the Western league next season, according to President "Tip" O'Neill of that organization today. He said the report that his organization would turn outlaw was baseless and that if any teams pulled out of the league to form a new organization, the league will put new teams in those cities and continue to operate them under organized baseball laws.

### PACKEY VS. DONOHUE

INDIANAPOLIS, Ind., Nov. 21.—Packey McFarland who meets Harry Donohue here on Thanksgiving eve, let the public know by letter today that he was training hard for the Pekin lightweight and would be "in the pink of condition for the bout."

### POSTAL CLEARS HICKEY

BOSTON, Nov. 21.—A postal card was received by Inspector McFarr of the Boston police late yesterday afternoon saying that J. Frank Hickey is not the murderer of little Joseph Joseph, and giving details where to find the body of Joseph O'Connor, of Roxbury, missing for several days.

### HEAD FILES 300 FEET

GULFPORT, Miss., Nov. 21.—The head of J. W. Steinweider, engineer, who, with three others, was killed when a locomotive exploded at Ten Mile, Miss., was found in a corn field 300 feet from the scene of the explosion. The only recognizable part of the four victims found was the engineer's head.

### CARDS TRAIN AT COLUMBUS

ST. LOUIS, Mo., Nov. 21.—The St. Louis Cardinals probably will do their sprint in training at Columbus, Ga. Manager Huggins was here today making arrangements for the training trip and said he favored the Georgia town.

### M'CARRON BEATS GIBBONS

PHILADELPHIA, Pa., Nov. 21.—Mike Gibbons of St. Paul today had not completely gotten over the surprise which was handed to him last night by Jack McCarron of Allentown, Pa., in a slashing six round contest. Gibbons wore an ugly gash over his left eye, which bothered him through five and one-half rounds of the fight. McCarron was credited with a clean cut victory.
